

Talisman Furmint

**Description:**

Talisman Furmint is a crisp, aromatic white wine from Hungary, made from the country's signature Furmint grape. Sourced from the cool-climate vineyards of the Tokaj region, this wine showcases the variety's natural acidity and minerality. Lightly aromatic with a dry finish, Talisman Furmint is an approachable yet distinctive expression of Hungary's rich winemaking heritage.

Tasting notes:

Bright aromas of green apple, pear, citrus blossom, and a touch of honey. The palate is fresh and zesty with flavours of lime, quince, and flinty minerality, finishing clean and crisp.

Allergens: Contains sulphites.

Dish Pairing: Grilled prawns, chicken schnitzel, Thai salads, goat's cheese, vegetable tempura, sushi

Talking Point:

Furmint is the principal grape of Tokaj—famous for its sweet wines—but it also produces dry whites with remarkable freshness and precision, as seen in this modern expression.
