- Paella with seafood
- Creamy risotto with asparagus
- Manchego cheese

### **Talking Point:**

Finca Tobella is a family estate established in 2003 with a focus on small-batch, terroir-driven wines. The "Bocins" range takes its name from the small parcels of steep vineyards scattered across Priorat's rugged landscape. These plots, rooted in the region's iconic slate soils, give the wine its trademark minerality and depth.
