

Korten Natura Chardonnay & Dimyat

Description:

Korten Natura Chardonnay & Dimyat is a white blend from the Thracian Valley in Bulgaria. Produced by Korten Wines, this hand-crafted wine combines Chardonnay and the native Bulgarian variety Dimyat to deliver a fresh, expressive dry white.

Tasting notes:

Pale straw-yellow with just a hint of green. Aromas of green apple, pear and subtle blossom. Flavours of stone fruit and light tropical touches (pear, peach, mango) are underpinned by crisp acidity and a clean, dry finish.

Allergens: Contains sulphites.

Dish Pairing:

- Grilled white fish with lemon butter sauce
- Light salads with vinaigrette or citrus dressing
- Mussels in a white wine or garlic sauce
- Soft fresh cheeses such as ricotta or mild goat cheese
- Vegetable stir-fry or mild curry

Talking Point:

The blend of Chardonnay and Dimyat reflects Korten's ambition to pair well-known international varieties with Bulgarian indigenous grapes. Dimyat contributes aromatic lift and freshness; Chardonnay brings structure. The wine is part of Korten's "Natura" range of comparatively affordable, hand-crafted wines (small batches, vineyard-specific attention).
