

## Pope Valley Sauvignon Blanc

### **Description:**

Pope Valley Sauvignon Blanc is a crisp and expressive wine from California's Napa region. Pale straw in colour, it opens with bright citrus and green apple notes, layered with hints of fresh herbs and subtle tropical fruit. The wine is lively on the palate, with zesty acidity that provides a refreshing structure while highlighting its clean, vibrant fruit character.

### **Tasting notes:**

Lime, Green Apple, Grapefruit, Lemongrass, Fresh Herbs, Passionfruit

### **Allergens:**

Contains sulphites.

### **Dish Pairing:**

- Grilled sea bass with lemon
- Goat cheese salad
- Sushi and sashimi
- Light pasta with herbs and olive oil

### **Talking Point:**

Pope Valley is a remote sub-region of Napa Valley, historically less planted than the valley floor, allowing for vineyards that produce grapes with concentrated flavour and crisp acidity. The estate's focus on Sauvignon Blanc reflects the cooler, higher-altitude vineyards of the area, which are ideal for preserving aromatic intensity and vibrant freshness.
