

## Growers Touch Pinot Noir

### **Description:**

Growers Touch Pinot Noir is a supple, fruit-driven style that focuses on purity and balance rather than weight. Bright ruby in colour, it shows ripe red cherry and raspberry fruit with subtle notes of spice and a light earthy undertone. The palate is smooth and approachable, with soft tannins and fresh acidity, making it an easy-drinking Pinot Noir that still retains varietal character.

### **Tasting notes:**

Red Cherry, Raspberry, Strawberry, Soft Spice, Light Earthy Notes

### **Allergens:**

Contains sulphites.

### **Dish Pairing:**

- Roast chicken
- Pork tenderloin
- Mushroom dishes
- Mild to medium cheeses

### **Talking Point:**

Growers Touch is centred on fruit sourced from carefully selected vineyard parcels, with an emphasis on reflecting the hands-on work of individual growers rather than a single estate. This grower-led approach allows for consistency of style while highlighting Pinot Noir's naturally delicate structure, focusing on drinkability and clarity of fruit rather than heavy extraction or oak influence.
