

Gruner Veltliner 1ÖWT Brunnthal

Description: Waldschütz Ried Brunnthal 1ÖTW Grüner Veltliner is a single-vineyard white from Austria's Wagram region. Made from 100% Grüner Veltliner, it is a richer, more concentrated style than the fresh, peppery versions often associated with the grape. Ripe tropical fruit sits alongside savoury spice and a subtle tobacco note, with a broad, creamy texture and a long finish. Extended ageing on fine lees builds depth, while a proportion matured in small oak barrels adds complexity without overwhelming the fruit.

Tasting notes: Mango, Papaya, Pineapple, Yellow Apple, White Pepper, Tobacco, Creamy Texture

Allergens: Contains sulphites.

Dish Pairing: • Roast pork • Roast chicken with creamy sauce • Seared tuna or salmon • Aged hard cheeses

Talking Point: The "1ÖTW" on the label stands for Erste Lage, a classification used by Österreichische Traditionsweingüter to identify recognised top vineyard sites. Brunnthal is one of the standout sites in Wagram, where the vines grow in deep, pure loess — fine, wind-blown silt deposited during the Ice Age. The south-facing slope, warm Pannonian winds and moderating influence of the nearby Danube help produce a particularly rich, powerful style of Grüner Veltliner.
