Growers Touch Durif

Description:

A rich, full-bodied Durif from the Riverina in New South Wales, made by Mino & Co. The wine is packed with dark fruit but has a surprisingly smooth, supple texture, with blackberry, mulberry and dark cherry alongside vanilla and a touch of spice from oak. Durif naturally gives plenty of colour, concentration and tannin, but this is a relatively approachable example, with ripe fruit and soft tannins making it easy to enjoy without needing a steak the size of a small country.

Tasting notes:
Blackberry, mulberry, dark cherry, vanilla, coconut, black pepper, smooth tannins

Allergens:
Contains sulphites.

Dish Pairing:

- Slow-cooked lamb
- Beef burgers
- Sausages with mash and onion gravy
- BBQ beef

Talking Point:

A Growers Touch is a range built around the farmers who actually grow the grapes. Mino & Co has worked with Riverina growers for more than 20 years, and the hands of the individual growers appear on the bottles. This Durif is 100% Durif and comes from the Riverina, one of the areas of Australia where the variety has found a particularly comfortable home. The 2022 wine is 14.4% ABV and has enough structure to age for several years, although it is designed to be enjoyed now too.
